

3D RENDERING OF SUTTER AVENUE INTERSECTION

EL-FENCE

- The El-fence is a modular fence that is used in streetscape enhancement projects under elevated infrastructure. The panels of the El-Fence are flexible and can be easily modified to display art, graphics, and pops of color, or incorporate text and logos.
- The El-Fence will be located across from the Sutter Avenue subway entrance on the southwest corner of Van Sinderen Avenue and Sutter Avenue.
